The Colorado Springs Chess Center is pleased to announce our eleventh annual Chess Camp of Colorado Springs. Organized and operated by Lee Simmons, this camp embodies the same commitment to excellence Colorado Springs chess players and their families trust and expect from Rocky Mountain Chess.

This year again, we are running the Camp for two weeks to accommodate the needs and schedules of more students. The first session will run from June 12-16, 2017. The second session runs from June 19-23, 2017. Campers may attend full or half day sessions for either session, or both sessions. All sessions shall study different material for a complete learning experience. Students can progress from one skill level class to the next. Regardless of skill level, our highest priority is treating each student as the individual that they are and creating the most instructive and fun experience possible.

Regardless of whether you are new to the game, a frequent tournament player, or just visiting the Springs', this camp offers the best opportunity to enjoy chess and improve. The Chess Camp of Colorado Springs is not just a chess camp—It is THE chess camp in Colorado Springs. We provide beginning, intermediate, and advanced instruction second to none. You provide the desire to enjoy chess and improve. That is the winning combination.
